

*LEAD WITH
YOUR H'NESS.*

The roar. The might. The rush. All over again. Your Highness is all set to roar into a greener future with 2025 ready, OBD-2B norms. The aggressive stance, the classic look and the bold design, continues to reflect royalty in every mile.

Take it easy or take the high road, set out on a new road or take over the ones that are taken often – command every road with your H'ness CB350.

Full LED Headlamp and Tail Lamp with Fire Ring Type LED Winkers

Find royalty in style.

Take on the roads with elegance and class with these round-shaped full LED headlamps and fire ring-type LED winkers.

Powerful 350cc Engine

Power up your ride.

The mighty 350cc air-cooled, 4-stroke OHC single-cylinder engine is here for smooth acceleration and elevating the joy of riding.

Assist Slipper Clutch

Clutch the load.

An assist function for smooth clutch operations and slipper function prevent rear wheel hopping while down shifting.

Roaring Exhaust Note

When in doubt, thump it out.

Your H'ness CB350 emits a crisp throb that results in a rich and thumpy exhaust note.

Extended Fenders

Stay in style, stay away from dirt.

These extended fenders are here to keep you clean and in style.

Split Seat

Comfort meets style.

This split adds classic style without compromising on comfort of both the riders.

ESS (Emergency Stop Signal)

Let there be no brake to your safety.

Honda's emergency stop signal just not keeps you safe, it takes care of fellow riders too.

Honda Selectable Torque Control (HSTC)

With great power comes great security.

HSTC system maintains traction between tyre and surface to avoid slipping.

Honda Smartphone Voice Control system (HSVCS)*

Command your H'ness.

HSVCS* connects your phone with bike through Bluetooth which enables you to receive calls, read messages, play music, use navigation & check weather. It can be operated by handle mounted switch unit supported by voice prompts.

Honda RoadSync

Stay connected with the roads.

Control your motorcycle from the handlebars with Honda RoadSync via Honda Smartphone Voice Control system.

Dual Channel ABS

Always in control.

H'ness CB350 is equipped with a dual channel ABS, a front 310mm large disc brake together with 240mm rear disc brake to prevent wheels from locking up when brakes are applied in an emergency situation.

Hazard Switch

Safety in every flash.

Flashing indicator lights, an important safety feature for emergency stops and low visibility conditions.

Engine Start/Stop Switch

Flick to move.

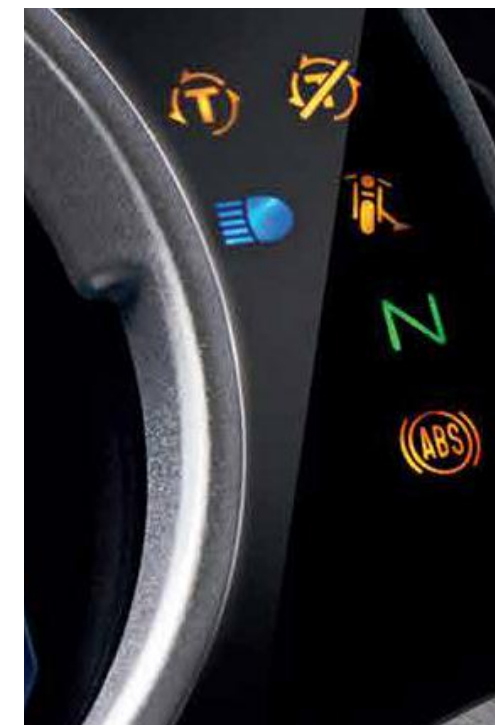

H'ness CB350 is equipped with engine start/stop switch for added convenience. Now the rider can start and stop the engine with the flick of the same switch.

Side Stand with Engine Inhibitor

Stand out, ride out.

No looking down to check your side stand, a glance on your meter is enough. Additionally, the inhibitor function restricts the engine from starting if the side stand is down.

my **Hness** MY WAY

Customized Styling from

Your Highness is here with a twist!
