

Honda BigWing

PRESENTS

NX
500

**NEW
EXPERIENCE**

Go where you choose with the all-new Honda NX500, a perfect choice for modern street adventures. Crafted to be the ultimate companion for those seeking thrilling rides from city streets to weekend escapades, the NX500 redefines versatility. Its modern off-road inspired design, featuring an assertive rally-style fairing and a large sized screen, offers both comfort and wind protection. This cutting-edge ride is equipped with advanced technology, including a 5-inch TFT screen with Honda RoadSync smartphone connectivity. Powered by a twin-cylinder engine, the NX500 ensures flexible and immensely enjoyable performance with HSTC traction management. Your new experience awaits – where will you take your next ride?

ULTIMATE POWER

Twin-Cylinder Engine

Strong torque seamlessly from low to mid rev-range, with 43Nm impressive peak , ensuring a thrilling and responsive acceleration experience both on and off the road.

TRACTION MANAGEMENT

Honda Selectable Torque Control

Masterfully handling rear wheel traction across varied road conditions, especially in rainy weather. For off-road adventures on dirt or gravel, the traction control can be switched off completely, unleashing maximum driving power.

ADVANCED DISPLAY TECHNOLOGY

Fully Connected Colour TFT Display

Enhancing the riding experience with cutting-edge optical bonding technology, the 5-inch display not only reduces glare but also boasts intuitive operation. It seamlessly integrates smartphone connectivity through Honda Roadsync.

SMARTPHONE INTEGRATION

Honda RoadSync

A first-in-class mobile app for both Android and iOS, it opens up a world of possibilities – from on-screen turn-by-turn navigation to managing calls and enjoying music, all while enjoying your journey.

UTMOST COMFORT

Suspensions

The advanced suspension technology, the 41mm Separate Function-Big Piston (Showa SFF-BP) forks promise precision, reduced sliding resistance, with dual discs for powerful braking.

LIGHTWEIGHT

Y-Spoke Wheels

Redefining ride dynamics, the all-new lightweight wheels flaunt five Y-shaped spokes, ensuring an unparalleled riding experience and agile handling prowess.

AERODYNAMIC DESIGN

Massive Fuel Tank

The 17.5L massive fuel tank not only extends your journey but pairs seamlessly with wide handlebars for ultimate control. All of this is integrated into an aerodynamic design that neatly channels airflow.

ENHANCED VISIBILITY

Powerful New Headlight

Commanding attention with a strong beam penetration, the powerful headlight ensures broad light distribution on either side, significantly enhancing visibility for confident night-time cornering and exploration.
